Mr. W. J. Morden
Am. Museum of Natural History
New York City

Dear Mr. Morden:

Mr. Owen Lattimore was here the other day and I bought a number of Chinese Turkestan coins from him. I was asking if he had any of the recent Mongolian coins, and he said that he had not but suggested that possibly you might have some. We are particularly anxious to get hold of some of these new Mongolian pieces - in fact, we are interested in all Central Asian money. If, by any chance, you have anything that may interest us, I should be very glad to get in touch with you.

Very truly yours,

Curator
